Massive 1 TB storage capacity for portable computing

 **WD Scorpio® Blue™ 1 TB**

With capacity now available up to a whopping 1 TB, WD Scorpio Blue mobile hard drives open up a whole new world of upgrade and storage integration possibilities for both notebook computers and small form factor external enclosures. These drives feature massive capacity and deliver solid performance hand-in-hand with low power consumption and ultra-quiet operation. The WD Scorpio Blue 1 TB features a 3 Gb/s SATA interface and 8 MB cache.

WD AV-GP

Western Digital has recently introduced 2.5 TB and 3 TB drives for AV-based applications such as CCTV. These units also have low power consumption and use the manufacturer's Silkstream technology to deliver smooth continuous playback from multiple streams.

www.computeractive.co.uk
WD Scorpio Blue

When it comes to performance, the WD10JPVT does a little better than its mainstream credentials might otherwise suggest. When benchmarked with HDTach it produced a burst speed of 189MBytes/sec and the ATTO benchmark produced sequential read/write scores of 93MBytes/sec and 94MBytes/sec respectively. Huge amount of storage space in a small format for a very good price
